W 500 Winder

Fully automatic winding of bags

The W 500 is a reliable and easy-to-operate solution for efficient winding of bags. Designed with affordability in mind, it offers a low-investment entry point into Roll-o-Matic's high-quality technology. The W 500 operates with small-diameter winding pins to ensure tight, uniform rolls. It is available as a stand-alone unit or can be integrated into a Roll-o-Matic converting line. The W 500 can run in-line with an extruder or out-of-line with an unwinder.

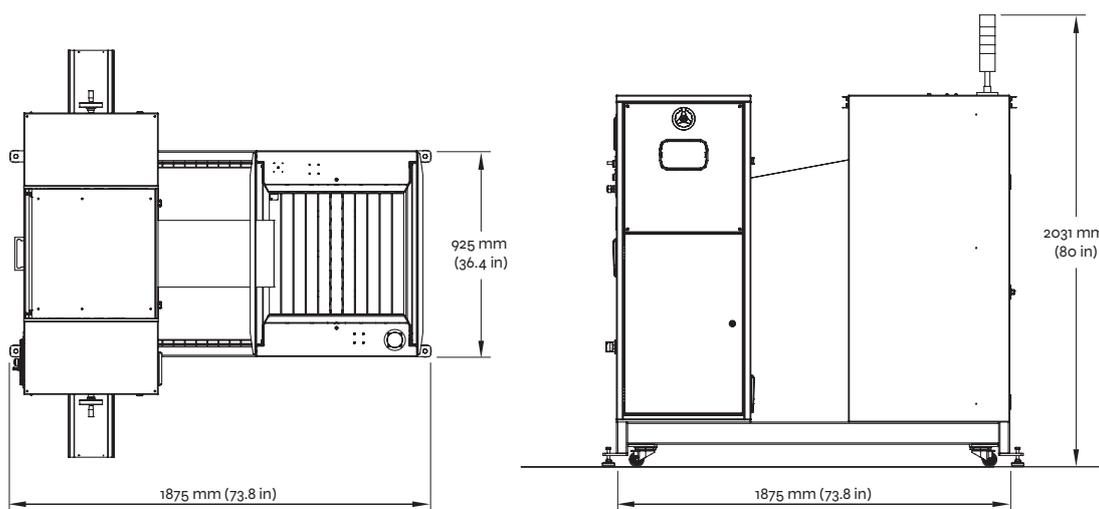

Optional add-ons:

- Safety light curtain for enhanced workplace safety.
- Wheels/casters for easily moving the winder.
- Plug/socket for fast and easy connection.
- Closing of finished rolls with hot melt, label or gummed paper tape.
- Remote connection for easy support.

Technical data for W 500

	W 500/12	W 500/6
Min. winding width	100 mm (3.9 in)	100 mm (3.9 in)
Max. winding width	500 mm (19.7 in)	500 mm (19.7 in)
Max. roll diameter	200 mm (7.9 in)	200 mm (7.9 in)
Max. film speed*	120 m/min (395 ft/min)	80 m/min (260 ft/min)
Max. roll changes	12/min	6/min

*) Depending on film quality and thickness, as well as bag length.

W 500 Winder

At Roll-o-Matic we always focus on your production demands - therefore all Roll-o-Matic developments are customer-driven and customer-oriented.

The W 500 series has been developed according to our customers' requirements for stable, user-friendly and easy to operate winding, where the key parameters are: modest investment, stability, outstanding performance and Return on Investment.
